Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This house faces west onto Calvert Street. It is a mid-twentieth-century one-story framed and weatherboarded house with a three-bay central-entrance facade. A second story -- possibly an addition -- appears to be rising from the roof of the one-story structure. There is an exterior brick chimney built onto the north gable-end wall. The windows are glazed with six-over-six double-hung sash. There are several recent additions to the rear and north end of this house.
